CONFIDENTIAL

Nikia,

Attached are two maps showing the soil data points outside of the BPSOU boundary. We have been trying a couple options with color and black and white aerial photos to see what looks the best, so I have attached both versions.

Also, please note that we are still finding new, small, data sets that will be incorporated into the final map. But this is the bulk of the data points.

Let us know if you need anything else. Thanks.

Chapin
